Credit Card Retrofit Kit

Limited Time Offer

\$200.00 off list price

Offer customers more payment options by adding the Credit Card Retrofit kit to your Autocashier. Studies show when using a credit card, customers tend to select the top dollar wash, increasing your profits. You can choose dial up credit card at about 30 seconds per transaction or add the D.A.N. with a DSL or cable line at about 3 to 5 seconds per transaction. What do you get: External mount card reader, crc computer, new controller and all the harnessing that you will need. For more information call Hamilton Mfg. 800-837-5561

Retrofit Kits must ship within 2 weeks of purchase to qualify.

Data Access Network (D.A.N.)

**Limited Time Offer
\$200.00 off list price**

What can the DAN do for you:

High speed credit card transactions: 3 to 5 seconds.

Remote Access: Audits, change prices, clear soft errors, change message.

Event Pricing: Time sensitive pricing, day and time.

E-mail or Text: Any errors on equipment hooked to the DAN.

Customer Value Cards: Create loyalty with customers.

For every DAN purchased you will be entered into a drawing to win a \$500.00 gift card.

DAN must ship within 2 weeks of purchase to qualify.

STA Part #99-0000

XE Part #46-4001

For a limited time, Hamilton will take 10% off the list price of an XE or STA validator. Any new XE validators purchased during this promotional period, but shipped prior to the new \$5 bill chip being available, the customer will receive the chip at no charge, freight not included. STA validators must be returned to Hamilton or an authorized FTSR to be updated or we will coordinate shipping with the release of the new chip. All validators purchased in this promotional period must ship within 2 weeks of purchase to qualify. The new \$5.00 bill will make its debut in the Spring of 08'. For more information call Hamilton. 800-837-5561
